LONESTAR CAPITAL MANAGEMENT LLC

Board of Directors

Lee Enterprises, Incorporated

November 19, 2013

201 North Harrison Street, Suite 600
Davenport, Iowa 52801
Dear Members of the Board of Directors:
As was disclosed in a Schedule 13D filed on November 1, 2013, Lonestar Partners, L.P., an investment fund advised by Lonestar Capital Management LLC (together, "Lonestar"), owns 3.0 million shares of common stock of Lee Enterprises, Incorporated ("Lee," or the "Company"). Lonestar commends the Company's management for generating stable EBITDA and cash flow in a difficult industry environment. The Company's advertising sales efforts, digital initiatives and ongoing cost reductions have allowed Lee to deleverage at a rapid rate. Lonestar believes that Lee's prospect for further deleveraging is bright because of management's efforts and the fact that local news remains a valuable product to readers and advertisers alike.
Lee's balance sheet is an artifact from the bankruptcy and does not reflect this new reality. The existing capital structure burdens the Company with too much overly-expensive debt, which needlessly absorbs much of the Company's operating cash flow. It also perpetuates an inefficient first lien structure under which certain debt instruments are secured by the "Pulitzer" entities while others are secured by an interest in all of Lee's other operating entities (the "Legacy" entities).
Since filing its Schedule 13D, Lonestar has discussed Lee's capital structure with management and the Company's financial advisors. We understand that the Company is seeking to refinance the 2 nd Lien Agreement in an effort to reduce the cash interest burden and allow for faster deleveraging. We share these goals. However, we firmly believe that in order to refinance the entire capital structure, the bifurcated first liens at Pulitzer and Legacy should be eliminated. Otherwise, upon the retirement of the Pulitzer Notes in late 2014 or early 2015, the Company will be locked into paying second lien rates on a first lien facility.
We believe that the Company should be able to raise \$650 to \$700 million of <u>true</u> first lien. Given this, we feel that the Company should pursue a financing alternative that includes raising a minimum of \$125 million of subordinate interests, with the expectation that this subordinated financing could be achieved concurrently with a refinancing of the existing 1st Lien Agreement. We continue to believe that the Company and its financial advisors would be successful in raising such financing.
We ask the directors of the Company to use the current window of accommodative capital market conditions to refinance its entire capital structure in a way that reduces cash interest expense and rationalizes collateral arrangements. Doing so will maximize value fully for all shareholders.
Sincerely,
Lonestar Capital Management LLC
